How "God's Recipe for Successful Living Series" Began

In September of 1998 my husband suffered a heart attack that totally changed the course of our lives and our family's life forever. The one thing that sustained me through that difficult time was the Word of God. I began to personalize God's Word on 3X5 recipe cards and connected them together with a small ring and carried them with me all the time. I used them literally as a daily prayer for the purpose of renewing my mind and focusing on what God could do and not on the circumstances that surrounded me.

The miracles that followed have changed my life forever! God not only totally healed my husband but in the process, began renewing my mind to His thinking, changing my heart and even the words that came out of my mouth.

From that experience I have shared these cards with many others during their times of need and found how the Word became as real in their lives as it did in mine.

- God has given us His Holy Spirit to dwell on the inside of us with the same power that Jesus had as He walked this earth (John 14:16-20). He also left us His love letter of promises in
